Thank You, APS Board of Education

Students in Aurora Public Schools benefit every day from the dedication and commitment of the APS Board of Education. January is School Board Recognition Month – a time to express appreciation for these members who make personal sacrifices to ensure that APS continues to accelerate learning for every student, every day.

Members of the APS Board of Education attend meetings; participate in school functions; review reports, agendas and proposals; and make difficult decisions for the benefit of all APS students.

School board members receive no financial compensation for the countless hours they serve. Please take a moment to say “thank you” to the APS Board of Education for its selfless service to our students, staff and community!

Midterm Graduates Bid APS Adieu

Congratulations to the more than 70 students who graduated in December from Aurora Public Schools Online, Aurora Central, Hinkley, Gateway and Rangeview high schools and the Rebound Ombudsman program.

We salute you, Class of 2013!
