One on One with APS Students: Jayden Lavigne

Aurora Public Schools is abounding with great students who are role models to their peers, family and community. Periodically, we like to catch up with these students and find out interesting facts and tidbits about them.

Jayden Lavigne, fifth-grader, Lansing Elementary Community School

**What is your favorite subject in school?**
Math and physical education are my favorite subjects. I like math because I became really good at it and learned new strategies. I like physical education because it’s competitive and I’m able to play with friends who I don’t see outside of school.

**What has been your favorite part about elementary school? What will you miss the most?**
I’ve made a lot of friends and learned new things that will help me be successful in life. I was elected president of the student body this year, so that was cool. I’m going to miss my teachers the most.

**What are you looking forward to the most about going to middle school?**
I’ll be going to South Middle School. I’m excited to make new friends, but I know I also have to stay away from the bad stuff. I plan to earn good grades.

**What do you want to be when you grow up?**
I want to go to college because I want to have a good education. I also want to play football in college.

**Who do you look up to the most in your life?**
I look up to my father. He’s accomplished a lot in his life and has helped me with my skills in baseball and football.

Join Us for an Open House

Join the Kids Clinic for an open house at its new location at Crawford Elementary School:

**Thursday, Feb. 27**
3-7 p.m.
1600 Florence St.
Aurora, CO 80010

APS families are invited to stop in for a tour, enjoy food and refreshments, meet staff and learn about health insurance options for their children.

The new Crawford clinic replaces the old location inside the main building and offers more space, greater appointment availability and after-school hours. The clinic is located on the northeast side of the Crawford school campus.

The Kids Clinic is a school-based health center with locations at Crawford and Laredo elementary schools. Both locations offer affordable physical, dental and mental health services to APS elementary school students and their younger brothers and sisters. The Kids Clinic is operated in partnership with Aurora Public Schools, Aurora Mental Health Center, Children’s Hospital Colorado Pediatric Dentistry and the Rocky Mountain Youth Clinics. To learn more, call (720) 837-4781.
