APS Celebrates National Teacher Appreciation Week

As we near the end of the school year and celebrate the success of our students and graduates, Aurora Public Schools also celebrates one of this organization’s most integral parts: our teachers.

Tuesday, May 6 is National Teacher Day, and APS joins other communities nationwide to honor these outstanding educators. National Teacher Appreciation Week is May 4-10.

APS has more than 2,000 teachers who educate, counsel and inspire our students to become great leaders.

Thank you, APS teachers!

Thank You, Nutrition Services Employees

May 5-9 is School Nutrition Employee Week. Preparing healthy school meals, promoting good nutrition habits and offering a friendly greeting are all in a day’s work for school nutrition employees in Aurora Public Schools.

The APS Nutrition Services Department promotes healthy eating by cooking many meals from scratch to enhance the nutritional content of food served to students.

APS thanks Nutrition Services employees for helping our students maintain healthy lifestyles!

A Salute to APS Nurses

Aurora Public Schools will join many communities across the nation in honoring school nurses on National School Nurse Day, May 7. The annual event kicks off the week-long National Nurses Week, which runs May 6-12, ending on the birthday of Florence Nightingale, the founder of nursing.

School Nurses help to improve the health and educational success of our students. Currently, APS has more than 30 registered nurses who serve preschool, elementary and secondary students.

We applaud all APS nurses for all they do!
