HAPPY NEW SCHOOL YEAR!

The Aurora community sprang back to life as Aurora Public Schools students returned for the 2014-15 school year. Smiling faces, trendy outfits and countless hugs between reunited friends represented just a facet of students’ excitement for a new year.

APS welcomed more than 40,000 students, including our youngest children at APS Early Beginnings: A Zoom Site.

We deeply appreciate our community partners, representing many businesses and organizations across Aurora, who volunteered as first day greeters at each site to warmly welcome students back to school.

We look forward to a wonderful year of accelerating learning for every APS student, every day.
