Children’s Hospital Colorado Volunteers Make Over APS School

Dozens of Children’s Hospital Colorado volunteers recently teamed up with Aurora Public Schools to give Wheeling Elementary School a major makeover. Volunteers landscaped the front of the school, planting new flowers, shrubs and trees. They also installed a brick paver patio near the school entrance.

This is the ninth year Children’s Colorado has partnered with APS on this community service project.

Thirty-five organizations donated more than $52,000 from across the metro area. This project would not have been possible without these generous sponsors:
