Best Wishes, 2015 Retirees

Congratulations to Aurora Public Schools’ 2015 retirees as they open a new chapter of life! Together, they have dedicated nearly 2,000 years of service to our students, staff, parents and community members. The following are just a few retiree highlights:

William Stuart
Deputy Superintendent
29 years
“I’ve been connected to Aurora Public Schools for over 40 years. I’m a proud Gateway High School graduate and a career-long educator in the school district. I was fortunate enough to serve in a variety of roles throughout my career in APS. I’ve loved every chance I had to support student learning and growth. I’m grateful to APS and the Aurora community for affording me such a gratifying career.”

Fred Quiñonez
East Middle School Principal
15 years
“The time has come for me to seek new challenges and opportunities. There are so many people to thank, memories, laughter, tears and fortunately no regrets. I want to thank my administrative team over the past 14 years as each of them has had a very positive impact on my life. Thank you, APS, for the opportunity to learn and lead.”

Ann Connor-Dunning
South Middle School Teacher
39 years
“I’m ever so grateful to have been a part of the lives of the numerous students at East, Mrachek and South middle schools as a special education and general education literacy teacher. What a tremendous joy it’s been to see students realize their academic potential… Thank you to my students and fellow teachers for a wonderful career!”

Kyong Kicker
Nutrition Services Assistant
16 years
“I had fun at Virginia Court Elementary School, which is where I spent my entire APS career. During my time there, I enjoyed working with such wonderful students and staff. I made several friends and hopefully made a lasting impression on the students. I will miss everyone.”
